

# BOURNES GREEN POST

## ROMANS VISIT BOURNES GREEN SCHOOL.

Yesterday at Bournes Green Junior school Romans named Marcos and Carius showed the children there what it would be like to live a life as a Roman soldier. They trained The children to be brave,

bold and extremely strong. The Romans taught them two games that include skill. They chose four children to dress in real Roman armour and shield. They had to form a tortoise while being fired at with sharp spears. After, they took the children out onto the field and actually

showed them what it would be like to fire a weapon. Marcus threw spears and Carius chose a sword.
